

Jr . FIRST LEGO League 2010

Jr.FLL is a hands-on science and technology program designed to capture 6 to 9 year old children's inherent curiosity and creativity and direct them toward discovering the possibilities of improving the world around them using theme-based challenges.

This Year 's Challenge: Transforming Transportation

- = = Discover how people, animals and things move to get to you
- = = Learn where and how a specific thing moved
- = = Construct a Show-Me Poster
- = = Build your own model out of LEGO elements, incorporating a moving piece
- = = Show off the team's work at a Jr.FLL Expo where every team will be recognized

Attend the Informational Meeting
Monday, February 22, 2010 at 6:30 P.M.
Los Primeros Schools of Sciences and Arts
Multi-Purpose Room
1555 Kendall Avenue
Camarillo, CA 93010
